Final Year Project Policy

Initial Draft

Announcement of FYP Dates 2
Pre-registration 2
Proposal Submission 2
Proposal Presentation 2
Revision of Proposal 3
Meeting with Supervisor 3
FYP - I Final presentation 3
Submission of Report (Soft Copy) 3
Revision of Report Submission 4
Report & Poster Submission 4
Internal Evaluation 4
External Evaluation 5
Distribution of Marks 5

Announcement of FYP Dates

Tentative time: 11th Week of previous (spring) semester

Pre-registration

Tentative time: 12th Week of previous (Spring) semester

- Only those students are allowed to register FYP 1 who have passed 90 credit hours (including CS pre-requisite courses) by summer.

Proposal Submission

Tentative Time: 1st Week after Final Exam of Spring

- Student Signed Proposal must be submitted using the registration form.
- Company letter must be attached at time of submission, if project is company sponsor.
- If project is based on idea raised by faculty member
    - If a faculty member is willing to supervise this project, then he/she must review the proposal and recommend it by singing the proposal

Proposal Presentation

Tentative Timeline: During semester break between Summer and Fall semester

- All student must present their proposal in front of Jury.
- A committee can state three states of a proposal: Accepted, Revised, Rejected
    - Accepted: Committee must define scope and deliverable for accepted project
    - Revised: Minor issues with proposal. Committee must give another date for revise proposal (not more than 1 week). Committee need to assign a member from committee to review revise proposal.
    - Rejected: Major issues with proposal (scope is too short , reinvention of wheel etc.)
- All students are required to develop THREE proposals. FYP Proposal NOW carries 20 marks and proposal will be declared as Strong Accept, Weak Accept or Rejected.
- All rejected proposal must re-evaluate after one week.

Revision of Proposal

Tentative Timeline: Case wise (Not more than 1 week)

- Revision of proposal will be present to assigned member of committee.
- Committee member will review the issues found in earlier presentation.
- Committee member will accept/ reject the proposal

Meeting with Supervisor

Tentative Timeline: 1st Week – 14th Week

- A timeslot should be announced for weekly meeting with supervisor.
- supervisor must state progress of each individual in his/her file
- supervisor need to write accomplished deliverables of each week along with targets for next week.
- There must be at least 3 days gap between two meetings with supervisor.
- A student must meet with his/her supervisor on weekly basis and at least 15 times before FYP – I final evaluation.

FYP – I Final presentation

Tentative Timeline: 15th Week (Fall Semester)

- Each student will have to present 50% of their project in front of Jury.
- Deliverable of FYP – I presentation will be specified by supervisor
- In case of absence in mid-term presentation will be resulted grade "I" with financial penalty
- Committee will define status of each student as:
  - Satisfactory: Project is in progress and will complete on time
  - Unsatisfactory: Project is in progress but will not complete on time
  - Critical: Project is not in progress and will not complete on time

Submission of Report (Soft Copy)

Tentative Timeline: 12th Week of the semester

- Soft copy of report also needs to submit to respective supervisor.
- Supervisor needs to generate plagiarism & AI reports for each submitted report. Following parameters should be used in order to identify the both plagiarism & AI status:
  - <20% : Accepted
  - <50% : need revision
  - Otherwise: Rejected and Project should be graded as I
- We should provide a mechanism to student in order to check their report for plagiarism before submission

Revision of Report Submission

Tentative Timeline: Case Wise (Not more than 1 week)

- Revised report must be submitted to supervisor
- Office need to generate plagiarism report of each re-submitted report

Report & Poster Submission

Tentative Timeline: 3rd Week of Next Semester

- All verified reports along with poster need to submit to PMO office in form of hard-copy (with spiral binding)
- We need to provide poster guidelines to students
- Final Red Book must be submitted to PMO office before the Open house.
    - Any group failed to submit the red book will not be allowed to present the project in the open house and awarded Grade – F.

FYP – II Final Evaluation (Internal)

Tentative Timeline: 15th Week of Spring Semester

- No students will be allowed to present his/her project in external evaluation without going through internal evaluation process.
- Internal Evaluation will be done by FYP Jury
- Not less than two members can conduct internal evaluation of any project
- Jury will decide one of following statuses for each project:
    - Approved: Student can present project in external evaluation
    - Minor Defect: Student need to done proposed changes by committee before presenting in external evaluation
    - Major Defect: Student can't present in external evaluation but an extension can be provided and project should be graded as F
    - Rejected: Student can't present in external evaluation and should be graded as F
- Decision of Jury will be final at any cost i.e. Decision of promoting project to external is totally based upon internal jury of FYP 2. If Jury gave 60% marks in FYP 2 so the project will be allowed to present in External evaluation (no matter how many cumulative marks are there). If cumulative marks of project is more than or equals to 60% but less than 60% in FYP 2 evaluation, so project will not be allowed to be presented in External Evaluation.
- Every FYP project must align with at least three (3) Sustainable Development Goals (SDGs). The selected SDGs must be clearly identified in the project using the provided rubric, along with appropriate supporting evidence demonstrating how the project contributes to each selected SDG.

External Evaluation (Open House)

Tentative Timeline: End of the Spring Semester

Distribution of Marks

The students will be evaluated for the FYP based on 3 Credit Hours for a total of 100 Marks each semester. These marks will then be converted to an equivalent grade as per the prevailing Grading System of the DHA Suffa University. A minimum of 50 percent marks is required to qualify for the FYP.

All FYP group members must participate in all phases of the FYP development. The distribution of work cannot be based on the phases of a project life cycle; it should rather be based on the modules of a system project and should be marked in the Requirement Sign-off sheet. The marks will be distributed according to the following scheme:

FYP - I (100-Marks)
1. Proposal Evaluation: **20 marks** for project proposal defense [by Supervisor & Jury]
2. FYP Documentation & Demo: **40 marks** for mid-semester evaluation [by Supervisor]
3. FYP Evaluation: **30 marks** for the final FYP presentation. [by Jury]
4. Requirement signoff sheet: **10 marks** for fortnightly submissions**.** [by PMO]
FYP - II (100 Marks)
1. Progress/Mid Evaluation: **40 marks** for mid-semester evaluation [by Supervisor]
2. Final Evaluation: **40 marks** for the final FYP presentation (Internal). [by Jury members]
3. Final Evaluation: **10 marks** for the final FYP presentation. [by Jury members]
4. Requirement signoff sheet **10 marks** for fortnightly submissions. & Complete documentation [by PMO]
